The feeding recommendations always refer to the preparation of

1 kg of meat

To allow for a larger or smaller batch of raw meat cat food, please adjust the amount of each supplement according to your meat portion size. If in doubt when increasing the amounts, make a 1 kg batch at a time.

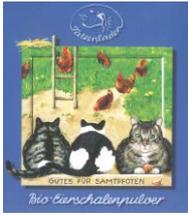

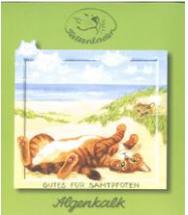

Please note, that this is **NOT A RECIPE**, but a dosing guideline.

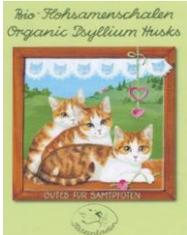

Tatzenladen Organic Poultry or Beef Liver Powder DE-ÖKO-003

Freeze-dried, powdered organic liver
Use instead of fresh liver when making cat food

 **25 g**

	<p>Tatzeladen Whole Bone Extract</p> <hr/> <p>Freeze-dried bone powder - as a natural source of minerals (calcium etc.) in homemade cat food instead of using fresh bones or single Calcium supplements</p> <p> appr. 15 g</p>
	<p>Tatzeladen Organic Eggshell Powder DE-ÖKO-003</p> <hr/> <p>To complete homemade cat food with Calcium</p> <p> 6 g</p> <p>Please note: To maintain a Calcium/Phosphorus Ratio of about 1,1:1-1,3:1 in a homemade diet you need to add 6 g of Eggshell Powder to 1000 g of meat. But, however, Eggshell Powder is a pure, single Calcium providing only tiny amounts of Phosphorus, so it can't be used as a pure substitute for fresh bones/bone powder without adjusting the other ingredients or adding further supplements.</p>
	<p>Tatzeladen Algenkalk plant-based calcium from Lithothanium Calcareum</p> <hr/> <p>To complete homemade cat food with Calcium</p> <p> 6 g</p> <p>Please note: To maintain a Calcium/Phosphorus Ratio of about 1,1:1-1,3:1 in a homemade diet you need to add 6 g of Seaweed Calcium to 1000 g of meat. But, however, Seaweed Calcium is a pure, single Calcium providing only tiny amounts of Phosphorus, so it can't be used as a pure substitute for fresh bones/bone powder without adjusting the other ingredients or adding further supplements.</p>
	<p>Tatzeladen Taurine</p> <hr/> <p>An essential dietary requirement for feline health. Raw meat and especially Raw heart contains Taurine, but it is recommended to supplement the cat's diet additionally. Always mix with water before adding to the cat food</p> <p> 2000 mg</p>
	<p>Tatzeladen Seaweed Powder (Ascophyllum Nodosum)</p> <hr/> <p>Rich source of naturally balanced vitamins, minerals, and trace elements Since seaweed powder is a natural product, the amount of iodine it contains varies according to the time of harvest</p> <p> 1 level tsp. (appr. 1-2g)</p>

	<p>Brewers' Yeast</p> <hr/> <p>Rich source of the entire B-Vitamin complex, minerals, and vitamins</p> <p> 2-3 g</p>
	<p>Tatzenladen Organic Pumpkin Powder DE-ÖKO-003</p> <hr/> <p>Freeze-dried, powdered Hokkaido-Pumpkin Use instead of fresh pumpkin when making cat food</p> <p> 1-2 tblsp.</p>
	<p>Tatzenladen Organic Psyllium husks DE-ÖKO-003</p> <hr/> <p>A natural source of fibre. Psyllium should always be taken with plenty of water. Always mix Psyllium with water, and let it sit until it gels.</p> <p> 2 tsp. (appr. 6 g) <u>plus</u> 140 ml extra water</p>
	<p>Tatzenladen Organic Gelatin DE-ÖKO-003</p> <hr/> <p>Proteins extracted from animal collagen, which is similar in its amino acid structure of bone and cartilage collagen</p> <p> 1-2 tblsp.</p>
	<p>Tatzenladen Salmon Oil</p> <hr/> <p>Excellent source of Omega 3-fatty acids</p> <p> 1-2 tsp.</p>
